

To

The HoD Administration

CTR, Ludhiana

Sir,

Through HoD

Your attention is invited to your memo no. 4621 11.2.08 vide which I have been transferred to Jammu. Although the contention of the memo under reference, being unreasonable and bad in law, is challengeable, but my health and sensibility does not permit me to indulge in unnecessary litigation and shatter peace of mind. My health and my family circumstances also do not allow me to work away from my home. The work mentioned to be looked after by me at that place is also not of my taste and is much below my capabilities, of lower rank. So, in stead of wasting my energy in convincing the concerned authorities, which, I am quite convinced, would be a futile exercise, or treading the path of confrontation I have decided to rather use my energy for some constructive work. I am quite convinced that the concerned authorities would not, as usual, give any ear to my arguments and shall behave stubbornly. So, I think, it would be better to part our ways in a gentlemanly manner. Accordingly I request you to allow me call it a day by 31.5.08, as per prevailing rules for premature retirement, with the condition that payment of all my dues is made to me on or before that day. And some other alternative for Jammu may be made.

Thanking you,

Yours faithfully

-Sd-
